On the other hand O'Connor, the new Democratic Senator from North Dakota, is indexed as a "liberal conservative." His victory over Frazier, a pronounced radical of Non-Partisan League inspiration, was due to the de fection of thousands of Republicans who desired to rebuke radicalism.

The soldier bonus seems to have cut both ways in the election of Senators and Representatives. Senators Lodge and McLean, Republicans, and Ken-drick, Democrat, who supported it. rick, Democrat, who support and squeezed through by narrow majorities, while Senators Sutherland (Rep.), Townsend (Rep.), Kellogg (Rep.), Hitchcock (Dem.), Pomerene (Dem.), Poindexter (Rep.), and probably Pittman (Dem.) and Representative man (Dem.) and Representative Mondell (Rep.), who also supported it, Mondell (Rep.), who also supported were beaten. Former Gov. Smith, Democrat, carried the State as a whole by 400,000, which is a record. Mr. Smith received a plurality of around 478,000 in New York city and Gov. In the present Senate there are 39 Dist Republicans and 11 Democrats. Re-publican control of the Assembly will, nowever, continue and probably will be a source of embarrassment to Mr. The latest available figures show that the next Assembly will contain 82 Republicans and 63 Democrats, so that the two houses will be deadlocked as far as political division is

concerned.

The thirsty element of the popula tion in the country who have refused be reconciled to the prohibition law found a good deal of comfort in the Congressional and State results. Massachusetts citizens voted down a prohibition enforcement act. Senator Reed, reclected by Missouri, Non largely through the support of the wet Republican element. In California the State voted to liberalize the enforcement act. None of these mehlevements, however, will have the immediate effect of modifying the nediate effect of modifying the Volstead law, although there will un-Volstead law, although there will unquestionably be a very substantial increase over the existing "wet membership" in the two houses. BEVERIDGE IS DEFEATED BY PLURALITY OF 31,393 Indiana Democrats Elect Ral-

The results show that Beverlidge ran far behind the State ticket, as Ed Jack-son (Rep.), running for reelection as Secretary of State, defeated Daniel M. Link (Dem.) by approximately 23,000 votes.

The result was a turnover from a Re-publican landslide in 1920. It was the first Democratic victory of consequence since 1912, when the Progressive party since 1912, when the Progressive party split the Republican ranks, resulting in the election of Raiston as Governor. Some indication of the turnover may be had from the fact that James E. Watson, Republican candidate for the Senate two years ago, defeated Thomas Taggart, his Democratic opponent, by a plurality of 167,663. President Harding's plurality was even greater than that

plurality was even greater than that, Raiston waged his fight almost ex-clusively on the subject of taxation and the tariff. He opposed the Republican tariff and pointed-sto his record as Gov-ernor on the subject of State taxes. Beverldge, it was generally conceded, incurred the opposition of organized incurred the opposition of organized labor by his attitude on labor subjects.

Chicago, Nov. 8.— Illinois will send seven Democrats and twenty Republicans to the next Congress, a loss of four seats for the Republicans. The Republican State ticket went over by big majorities, despite the Democratic victory which swept Cook county (Chicago). Beer and wine and the soldiers' bonus failed to keep up in the country districts the pace they had set in the cities, but both carried by tremendous majorities.

Richard Yates and Henry R. Rath-

Gorman and William Murphy. "Uncle Joe" Cannon's seat from the Eighteenth district remains in the Re-publican ranks as a result of William P. Holaday's victory as successor to P. Heladay's victory as succeeding the present dean of the House.

Special Dispatch to The New York Hemals Indianapolis, Nov. \$\(\)—With only a few scattering precincts of the 2.35 in the State yet to be heard from and which can have no important bearing on the result, it was estimated to-night that Samuel M.
